*Nathan D. Cass, MD*
- 7:10 Facial Nerve Paresis and Chronic Otitis Media in a Patient with a Facial Nerve Lesion**  
*Ashley M. Nassiri, MD, MBA*
- 7:20 Unilateral Complete Facial Paralysis Following Middle Ear Exploration in a 3-Year-Old Girl**  
*Matthew R. Bartindale, MD*
- 7:30 Facial Paralysis from Post-Transplant Lymphoproliferative Disorder (PTLD)**  
*Joonas Toivonen, MD*
- 7:40 Conductive Hearing Loss Associated with Synkinetic Facial Movement following Bell's Palsy**  
*Michael J. Hutz, MD*
- 7:50 Unilateral Progressive Facial Paralysis in a Patient with Normal Imaging**  
*Philip L. Perez, MD*
- 8:00 Facial Nerve Paralysis Following Endovascular Embolization**  
*Yona Vaisbuch MD*
- 8:10 Adjourn/closing remarks**  
*John Leonetti, MD*

A special thank you to Drs. John Leonetti, Sam Marzo, & Craig Buchman, ANS Education Director, for their efforts in coordinating the Facial Nerve Study Group.

Immediately following the Facial Nerve study group, will be the Stereotactic Radiosurgery study group at 8:20 AM followed by the William House Cochlear Implant study group at 10:00 AM. The ANS Scientific Fall Program kicks off at 1:00 PM, concluding at 5:20 PM in the same location! Everyone is welcome to attend. **Registration for the ANS Scientific Program is required.** Please register online in advance. **CME credit is not offered for the any of the Study Groups.**
