

NORTHWESTERN MEDICINE

Neurotology Opportunity – Winfield & Geneva, Chicago, IL

Northwestern Medicine is actively seeking a fellowship trained, BE/BC Neurotologist to join our growing team. This is an outstanding opportunity to build your career with the premier healthcare provider in the Chicago area.

- Opportunity will split time between outpatient clinics located in Winfield and Geneva, IL in the western suburbs as well as our downtown location in Chicago
- Medical staff privileges at NM Central DuPage Hospital, NM Delnor Hospital and NM Northwestern Memorial Hospital
- Employed full-time position with Northwestern Medicine
- Successful and expanding multi-specialty physician group that promotes a collegial work environment, physician success and compassionate care
- System wide EPIC platform

Northwestern Medicine is the premier provider of healthcare services in Chicago's west, south and northwest suburbs, with more than 700 primary care physicians and specialists. Our team works together to provide excellent patient care and exceptional patient experiences using models that follow best practices in outpatient and inpatient settings. We offer competitive compensation and benefits within a physician led work environment. Candidates must possess a commitment to exceptional patient care, practice evidence-based protocols, and be a team player who seeks to advance the goal of clinical excellence.

Northwestern Medicine is a growing, nationally recognized health system that provides world-class care at 11 hospitals and more than 200 locations in communities across Chicago, the suburbs and Northern Illinois. Together with Northwestern University Feinberg School of Medicine, we are pushing boundaries in our research labs, training the next generation of physicians and scientists, and pursuing excellence in patient care. Our vision and values are deeply rooted in the idea that patients come first in all we do. We value building relationships with our patients and their families, listening to their unique needs while providing individualized primary, specialty, and hospital-based care. Our recent affiliations and ongoing growth make it possible for us to serve more patients, closer to where they live and work.
