

NEUROTOLOGY FELLOWSHIP PROGRAM INFORMATION

Program name:

UCSF Otolaryngology, Neurotology and Lateral Skull Base Surgery Fellowship

Neurotology Fellowship Program Director:

Charles Limb, MD

Address:

Department of Otolaryngology – Head and Neck Surgery
University of California, San Francisco
2233 Post Street, 3rd Floor
San Francisco, CA 94115, USA

Program Coordinator:

Daniela Silva (Daniella.Silva@ucsf.edu)

Phone number:

(415) 353-2464

Fax number:

(415) 353-2603

Website:

<https://ohns.ucsf.edu/otology-neurotology>

Application Deadline:

As per SFmatch

Number of fellows per year:

1 fellow (2-year program)

University Affiliation:

University of California, San Francisco (UCSF)

Hospital affiliation:

UCSF Health Parnassus
UCSF Health Mission Bay
Zuckerberg San Francisco General Hospital
San Francisco VA Medical Center
UCSF Benioff Children's Hospital of Oakland
Veterans Affairs Medical Center (San Francisco)
UCSF Health Mount Zion

ACGME Faculty:

Charles Limb, MD
Y. Song Cheng, BM BCh
Steven W. Cheung, MD
Nicole Jiam, MD
Jeffrey Sharon, MD

Licensing requirement:

Eligibility for California Postgraduate Training licensure. Fellows must meet UCSF GME requirements for appointment.

Operative experience:

Hands-on exposure to adult and pediatric advanced otologic and lateral skull base surgery, including cochlear implants, chronic ear surgery, and management of complex skull base pathology.

Call requirements:

No routine call. Fellows will provide call coverage during specific resident events during the year.

Research/History:

The fellowship is an ACGME-accredited program within the UCSF Division of Otolaryngology, Neurotology, and Skull Base Surgery. Fellows are expected to engage in clinical and translational research, with opportunities in cochlear implantation outcomes, vestibular disorders, device innovation, and auditory neuroscience, supported by UCSF's strong research infrastructure.

Benefits:

UCSF GME benefits, including health, dental, and vision insurance; professional development funds; conference support; and access to institutional research resources.

Salary:

Commensurate with UCSF GME PGY-level salary scale.

Number of Neurotology faculty:

6

Additional Information:

This is a comprehensive two-year fellowship designed to provide advanced training in otology, neurotology, and lateral skull base surgery. The program emphasizes multidisciplinary care, clinical excellence, and integration of surgical practice with cutting-edge research and technology development.
