

Dear Colleague,

We are excited to share an open faculty position in the Division of Otolaryngology and Neurotology within the Department of Otolaryngology – Head and Neck Surgery at the University of Alabama at Birmingham Heersink School of Medicine. We are seeking a board-certified or board-eligible Neurotologist/Otologist to join our dynamic and growing division as Assistant Professor, Associate Professor, or Full Professor. An MD degree (or equivalent) is required, and candidates must be eligible for medical licensure in the state of Alabama. Rank, salary, and tenure status will be commensurate with experience and qualifications.

We are particularly interested in candidates who have completed, or are currently completing, fellowship training in Neurotology and Lateral Skull Base Surgery, with demonstrated clinical expertise in the management of adult and pediatric chronic ear disease, vestibular disorders, cochlear implantation, vestibular schwannomas, and other skull base disorders. Our division currently employs two full-time, board-certified Neurotologists who practice the full spectrum of Neurotology. The ideal candidate will have strong clinical and surgical skills, an academic orientation with an interest in teaching and research, excellent communication and leadership qualities, and a collaborative, compassionate approach to patient care.

Applications will be accepted and reviewed until the position is filled. We would greatly appreciate your sharing this announcement with colleagues or trainees who may be interested in this exciting opportunity to join a busy and collegial Neurotology program at UAB. Interested candidates should send a curriculum vitae, a brief statement of interests, and the names of three references to:

Erika McCarty Walsh, MD
Division Director, Otolaryngology
Email: ewalsh@uabmc.edu

UAB is an Equal Opportunity/Affirmative Action Employer committed to fostering a diverse, equitable, and family-friendly environment in which all faculty and staff can excel and achieve work/life balance irrespective of race, national origin, age, genetic or family medical history, gender, faith, gender identity and expression, or sexual orientation. UAB also encourages applications from individuals with disabilities and veterans.

Sincerely,

Justin H. Turner, MD, PhD
Chair, Department of Otolaryngology

Erika McCarty Walsh, MD
Associate Professor
